ABOUT SUBLIMATION

SUBLIMATION TECHNOLOGY OFFERS A VARIETY OF OPPORTUNITIES

Without a doubt, full color sublimated products have a lot to offer. The vibrant, photo-realistic graphics are unparalleled. Finished products can be easily personalized with no additional setups. And there's a wide range of products to choose from. But sublimation's greatest feature is its ability to help you grow your business.

The market for full color personalized products is tremendous. There are sales opportunities in several industries, including awards and recognition, signs and name badges, apparel and gift products. And no matter what technology you're using now to serve your customers, sublimation can help your business move forward. Full color personalized items can help you generate more revenue from existing customers and markets, or can be used to tap into entirely new revenue streams.

SUBLIMATION SUCCESS IS A JOURNEY...

There are many different routes you can take to arrive at sublimation success. Your greatest sales potential lies with markets that can generate multiple, large volume sales. The photos on the right help to illustrate some of the target markets that have a need for full color products. You can focus your marketing efforts on one or more of these markets to grow your business. By targeting groups from several different target markets, you can generate a steady stream of income from sublimated products.

SUBLIMATION IS...

- A technology that provides full color personalized products.
- Generally very complementary to your current business, and frequently synergistic.
- Low investment. Leverages some existing equipment, hardware and software.
- Requires little additional space.
- High margins
- Involves personalized products that advance personal customer relationships.
- Is well supported by an industry of innovative, aggressive companies whose success is solely based on your success.

Sublimation is not a substitute for hard work. Instead, it is a way to establish a *"business within your business"* by building on your existing customer relationships to maximize profitability. When you expand your businesses horizons in ways that utilize your existing overhead, the profits from these sales can be exceptional. And as your partner in sublimation, we're here to help you reach that goal!

SUBSTRATE GLOSSARY

ALUMINUM

Available in one-sided coated in a wide range of sizes including with straight and round corners. Our aluminum comes in .030" and .045" thicknesses.

FR PLASTIC (FRP)

3/32" fiberglass reinforced plastic substrate. Available in matte or gloss, coated on one side or two. Fiberglass prevents the material from melting under the heat of sublimation and helps to minimize warping.

HARDBOARD (HB)

1/8" hardboard substrate (also known as Masonite). Available in gloss finish, coated on one side only. Hardboard, also called high-density fiberboard, is a type of fiberboard, which is an engineered wood product. It is similar to particleboard and medium-density fiberboard, but is more dense and much harder because it is made out of exploded wood fibers that have been highly compressed.

MEDIUM DENSITY FIBER BOARD (MDF)

Medium-density fiberboard (MDF or MDFB) is an engineered wood product formed by breaking down softwood into wood fibers, combining it with wax and resin, and forming panels by applying high temperature and pressure. It is a building material similar in application to plywood but made up of separated fibers, not wood veneers. It is denser than normal particle board.

PHENOLIC

.050" phenolic resin substrate. Available in matte or gloss finish, coated on one side only. Phenolic sheet is a hard, dense material made by applying heat and pressure to layers of paper or glass cloth impregnated with synthetic resin. These layers of laminations are usually of cellulose paper, cotton fabrics, synthetic yarn fabrics, glass fabrics or unwoven fabrics. When heat and pressure are applied to the layers, a chemical reaction (polymerization) transforms the layers into a high-pressure thermosetting industrial laminated plastic.

A. CHROMALUXE®

ChromaLuxe® by Unisub® photo panels are an exciting new sublimation option for photographic images. ChromaLuxe panels are offered in a range of sizes and substrates, and feature an enhanced formulation of the Unisub coating for superior image reproduction. ChromaLuxe panels feature a variety of display configurations, including easel back panels, hinged multiple panels, and wall mounted large-format panels. Rounded corners with black edges and black backing finish the ChromaLuxe Hardboard photo panels. All aluminum photo panels are .045 thickness with rounded corners in gloss finish. ChromaLuxe MDF photo panels have a chamfered edge with black sides and keyhole for wall hanging.

A. SIGNS OF LIFE COLLECTION

Signs have been around since the beginning of civilization. One can say that cave man drawings are signs. Signs naturally fulfill the needs of:

- Communicating a business's products and services
- Communicating what one's interests are
- Commemorating an event in one's life.

But until now no one could use all of today's tools to make top-shelf, full color, personalized signs for many applications. Unisub has done just that with the launching of their Signs of Life Collection. The blanks are made from .25" thick tempered hard-board Unisub high gloss, shaped using state-of-the-art industrial lasers, and arrive packed with plastic peel & stick hangers. You can chose from four shapes to add a personalized touch to your customer's home or office or start with a Starter Kit. You can use an easel to showcase them or mount them on the wall.

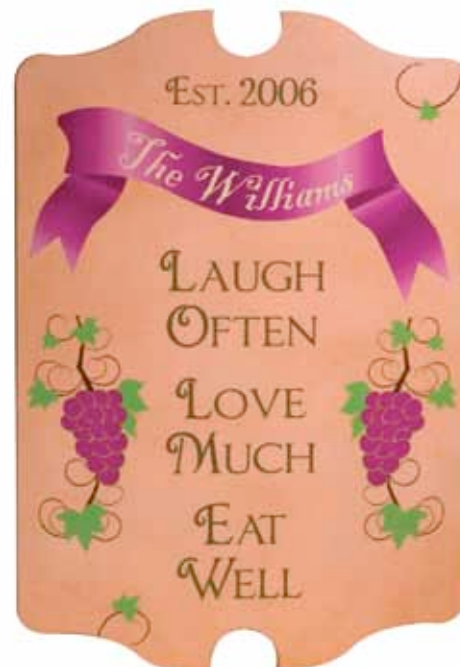

Item	Description	Size	Case Qty
5818	Traditional Shape	11.5"x15.4"	8
5819	Antique Shape	10.9"x15.4"	8
5820	Display Shape	15.5"x5.7"	16

5995	Aluminum Photo Keychain	2.25"x1.6"	50

B. KEY HANGER

Our key hanger makes an attractive decoration for any household, plus keeps keys organized and easy to find. Each 4"x10" key hanger is pre-drilled for four hooks, which are attached after sublimation. Made from 1/2" MDF with a black bullnose edge.

Item	Description	Size	Case Qty
5578	Key hanger	4"x10"	10

C. MAGNETS

Magnets are one sided, in FRP or aluminum. Each includes a self-adhesive magnet.

Item	Description	Size	Case Qty
5734	Rectangle, aluminum	2"x3"	50
5523	Square, FRP	2.25"	50
5527	Heart, FRP	2.5"	50
5522	Round, FRP	2.5"	50

A. LICENSE PLATES AND FRAMES

Show your school spirit...boost your favorite team...or just create personalized tags for cars with Unisub license plates. Choose from either aluminum or FRP for cars, or FRP for bicycles and golf carts. With our license plate frame, you also have a solution for states that require front and back tags. The motorcycle FRP frame is designed to fit over the license plate of most motorcycles.

Item	Description	Size	Case Qty
5512	FRP license plate	11.812"x5.875"	50
5656	Aluminum license plate	11.875"x5.875"	50
5948	Silver license plate	11.875"x5.875"	50
5519	FRP mini-license plate	2.9"x5.875"	50
5552	FRP license plate frame	12.25"x6.5"	50
5928	FRP License plate frame	12.25"x6.5"	50
5657	FRP motorcycle license plate frame	5.375"x7.688"	50

B. LICENSE PLATE FRAME STRIPS

Our pre-cut Unisub 0.030" aluminum strips are sized to fit most metal or plastic auto license plate frames. The large strip measures .92"x10.22", while the small strip measures .725"x6.25".

Item	Description	Case Qty
5678	Aluminum license plate frame strips—sold as a set	50

C. TRAILER HITCH COVERS

Our trailer hitch cover adds a personalized touch to any truck, van or SUV. The injection-molded cover fits into the square 2" hitch receiver hole and is secured with the hitch pin. The FRP face plate can be decorated with a team mascot, company logo, personal photo or name.

Item	Description	Size	Case Qty
5737	Hitch cover w/ insert—1.25" post	4.7"x3.4"	12
5660	Hitch cover w/ insert—2" post	4.7"x3.4"	12
5661	FRP insert	4.7"x3.4"	50

D. CAR FLAG

Customize this sublimatable car flag with sports logos, school mascots, political ads and more! Available in 11" x 15" single ply for one-sided printing. A sturdy plastic flagpole attaches the flag to any car window.

Item	Description	Size	Case Qty
5625	Car flag w/ pole	11"x14"	12

A. JEWELRY

Unisub jewelry offers a combination of quality and value that is ideal for schools, sports teams, clubs and organizations, as well as personal gifts. Heart, round and oval shapes are available in two different sizes. Most pieces feature a polished scalloped edge finish. Accessories are sold separately to allow you to create a variety of personalized jewelry. All items are sublimatable on one side only.

Item	Description	Size	Case Qty
5666	Lapel pin w/ clasp	0.875"	25
5901	Circle charm	0.75"	50
5900	Charm bracelet w/ five bales & five circle charms	7"	10 sets

A. PRODUCTION JIGS

No more taping or wrapping with production jig fixtures! Specifically created for standard paper sizes in 8.5"x14" and 13"x19" for use on a large or small press. Jigs allow for multiple Unisub® products to be sublimated in one swift motion. The 13"x19" jigs are made out of moisture-resistant MDF for Unisub® products including ChromaLuxe® photo panels. The 8.5"x14" jig fixtures may contain a two or three part kit. Specific kits include aluminum skeleton, a leveling pad (for FRP products only) and one MDF moisture resistant backer panel. These create the perfect recipe for increased productivity!

Templates and pressing tip sheets are available on www.unisub.com

A. STREAMLINE AWARDS

Why should any sports team get a standard issue, boring, small casted-resin or plastic trophy with a "generic" engraved plate on it when they've earned a full-color, personalized award that has their name, photo, team's name, and team photo on each and every one? Streamline Awards are just that – personalized, high quality awards. They're perfect for recognizing and remembering the participation and accomplishments of a sports team member.

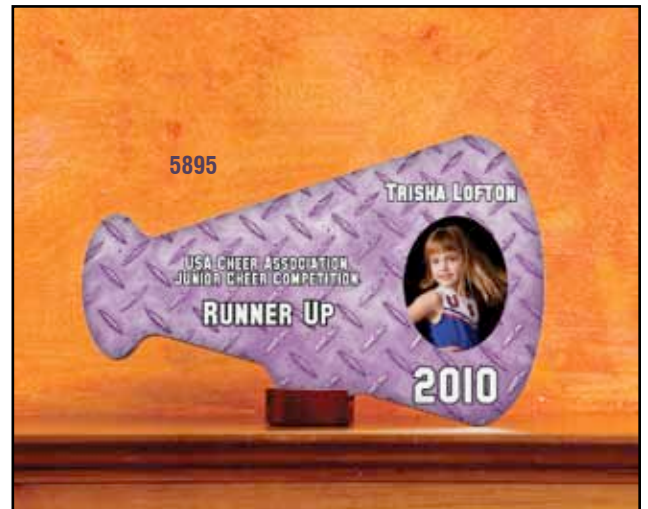

It's a Unisub product so graphics and text will have vibrant and durable color that will never flake off. They'll always look fantastic.

Streamline Awards are:

- ¼" Hardboard with black edges and satin black back
- Multiple shapes - Round, Peak, Football - and many more
- Wood stands are available for desk mounting

Item	Description	Size	Case Qty
5810	Small Round	4.25"	20
5811	Large Round	5.75"	20

unisubgraphics.com

Your online resource for sublimation artwork

Find the artwork you need for your sublimation project, any time day or night. Choose from hundreds of design files that will help you make money from full color personalized products. From corporate design to seasonal, artwork is available to fit a variety of sublimatable products. And new designs will continually be added for seasons, holidays, new products and more.

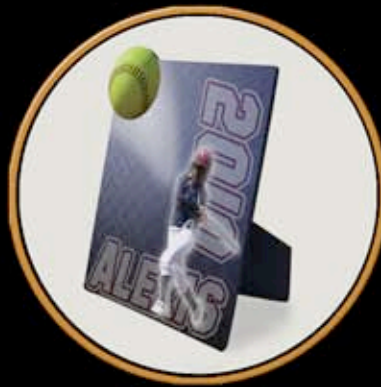

Most designs are layered to make it easy to edit text and images. Choose from high resolution artwork files in the following file formats:

- psd (Adobe Photoshop layers)
- cdr (CorelDraw version 10)
- jpg (picture file that can be used in Adobe Photoshop/Adobe Elements or imported into a number of programs)

Individual images can be downloaded or for unlimited downloads, you can become a member of Unisubgraphics.com. See the website for further details and offers. Don't miss out on this special opportunity... sign up today at www.unisubgraphics.com!
