

MaraJet DI-LS

“Plug and Print” Cartridges for Roland Wide Format Solvent Printers!

MaraJet DI-LS is a replacement ink for Roland’s wide format solvent printers. A perfect color match allows users to simply install MaraJet DI-LS 440 ml cartridges into the printer when their current cartridges are emptied. MaraJet inks offer outstanding performance and value for your printing needs by combining excellent lightfastness, vivid color density and a wide color gamut. Sold in 440 mL cartridges and 1L bulk containers MaraJet saves time and money.

Why MaraJet?

- ★ Lower Production Cost
- ★ Plug and Print Solution
- ★ High Quality Reliable Ink
- ★ No Need for New Color Profiles
- ★ Bright Spot Colors
- ★ Problem Free Printing
- ★ Accurate Color Reproduction

Unbeatable Support

Clearstar LP has been providing ink and liquid laminates to the digital print industry since 1996. We are fully aware of the issues customers face when they choose not to use the ink provided by their printer manufacturer and are ready to help you succeed. MaraJet DI-LS is backed by our 100% customer satisfaction money back guarantee.

MaraJet DI-LS

Wide Format Solvent Inks

Even More Savings!

High volume users can save even more by purchasing MaraJet DI-LS in 1L bottles in conjunction with our industry-leading bulk system.

Wide Range of Applications

The use of high quality pigments and scratch and abrasion resistant formulations allows MaraJet to be used in applications that require long term outdoor exposure.

Additional Protection

For the best possible light fastness use Clearstar liquid laminates in conjunction with MaraJet solvent ink. For applications that will endure mechanical stress, such as vehicle graphics, we recommend using ClearShield® to provide the added abrasion and chemical protection needed.
