HEAT PRESS BUYERS GET MORE THAN JUST A GREAT HEAT PRESS

BESTBLANKS.com Offers A Unique Upgrade Program,
Extended Warranties And Free Shipping!

Hollywood, FL, 11/18/2011- **BESTBLANKS.com is the only distributor of heat presses that offers an Upgrade Program and Extended Warranties; providing heat press buyers a better value with the option to upgrade if they outgrow their press.** Along with these value added programs BESTBLANKS.com offers free shipping on many models so you can select from the leading US made brands. With more than 75 models from top brands like Stahls Hotronix and Maxx, Hix, Geo Knight, AIT and Panther, you will find one that's right for you.

Howard Gerson, President of BESTBLANKS.com says, "Our Upgrade Program is ideal for those who purchased a heat press that becomes too small for their needs as their product line expands," he goes on to say, "in addition to the Upgrade Program customers can also double the factory warranties on most of our heat presses for less than \$15.00. This gives our customers peace of mind from potential repair expenses long after the factory warranty expires. For more information please visit our website or call us today."

With decades of digital decorating experience in sublimation, heat transfer printing, DTG, sign making and others, BESTBLANKS.com brings hands on experience that translates into saving our customers time and money.
