THE NEXT GENERATION IN DIRECT-TO-GARMENT INK IS HERE –  
ULTIMAXX™**

**Achieve Higher Quality Prints, Get More Ink for Less Money, Clog Free Plug & Play Printing & More!**

Hollywood, FL, 11/11/2011- **BestBlanks.com** invites you to try the next generation in direct-to-garment ink, **UltiMaxx™** - **A simple, robust and a cost effective plug and play solution for DTG printers.** This revolutionary ink provides the highest optical density and is calibrated to insure the most vibrant prints - bolder colors with the least ink gain/bleed. Made in the USA, UltiMaxx™ is environmentally-friendly, water-based ink and when used with UltiMaxx™ Pretreatments achieve higher image quality and preferred softer feel/hand on the final product.

**For a limited time BESTBLANKS is offering a special introductory offer - Buy one set of UltiMaxx™ and get a FREE ink!**

“The ease of Plug & Play and the improved vibrancy of the ink achieves better performance at a lower cost which translates to more money in your pocket and happier customers” says Howard Gerson, President of BESTBLANKS.com. Howard goes on to say in closing, “Don’t miss out on this incredible offer. I am confident that once you try UltiMaxx™ Inks and Pretreatments you will see for yourself the quality of this amazing product.”

With decades of digital decorating experience in sublimation, heat transfer printing, DTG, sign making and others, BESTBLANKS.com brings hands on experience that translates into saving our customers time and money.
